

PGATM

Jim Fraser, PGA

My Goal

My goal for golfers is to improve their games and have fun getting there. I am here to help golfers achieve those goals through instruction, reinforcement and positivity.

Individual Lesson Rates

Single Lesson	\$65
Package of Four	\$225
Package of Six	\$300

Lesson packages larger than Six are available.

Short Game Package

In this package, we will work only on the short game. The quickest and easiest way to lower your scores is to get the ball holed faster. We do this by improving our putting, chipping, pitching and wedge play. Learning to control the distance the golf ball travels is crucial to lower scores.

Playing Lessons

Playing lessons include green fees, cart fee (if riding) and all instruction while on the golf course. Use a playing lesson to discover strategies to unlock your scoring potential.

9 Holes	\$125
18 Holes	\$200

Group Lessons

Small group lessons are available. Get together with a small group of family or friends and improve your golf game in a friendly, warm environment. This is a more economical way for golfers to improve with more personalized instruction while having fun with their friends and family.

Please contact Jim for lesson times and availability.
